

## Minutes of C.K.A. Committee Meeting

of 20th November 1995.

Present : Thea, Dave S., Paul, Robert, Scott, Julian, Hugh, Dave R., Jon G., Jon H., Chris, Ginnie.

1. The minutes of the last meeting were approved.

2. Thea felt that it was important that meetings started promptly and she wanted a list of people who would regularly be attending. There should be representatives from each club apart from those people who happened to be on the committee. It was hoped that in doing this all clubs would be represented fairly.

3. Refereeing Issues.

It was decided that when possible, referees should turn up in appropriate clothes when refereeing a game. If they could remember to wear different colours from the teams playing that would be really helpful. Hugh suggested that black should be worn. It was agreed that teams should be responsible for bringing balls, this was not the referee's job. Jon H. made the point that refereeing should be taken seriously and that it was out of order for derogatory comments to be made previous to matches about different styles and abilities of players by referees.

4. Feed back on the Refereeing Meeting.

Robert re emphasised the need for referees to remember their match commitments, with the penalty of being excluded from playing in the league if there was not a good reason for them not turning up.

Wherever possible referees should be found that do not play for either team.

If a Cambridge referee is required in Bedford he/she should

endeavour to get a lift, if there is a Cambridge team going there. If this is not possible the C.K.A will pay them £6 to cover the petrol.

It was thought that all new referees should be more supported and that there should be some sort of reviewing system as to how they are getting on. This needs further discussion.

#### 5. The League Rules.

These have been given to all clubs and took effect from 21.11.95. They apply to all Div.1 teams and wherever possible to Div.2 teams. After Christmas Div.2 will split and the top half will play precisely under the rules.

In regard to play-offs, if a player is a consistent (ie. has played 3 first team matches consecutively) first team player he/she may not play for the second team. The only way this could happen would be if the player missed 3 first team matches in a row.

In Div.2 players should not play for different clubs unless both teams are happy about it. Obviously in Div.1 players play for only one club. All details are available from Robert.

#### 6. Sending Players off.

There was a lengthy discussion about sending players off for unacceptable behaviour. It was agreed that this should be down to the referee, who needs to be very clear about the guidelines.

#### 7. Feed back on the Friesland Visit.

One coach and two players were able to go to City's training session. The Friesland players seemed to enjoy their visit and were impressed with the enthusiasm for korfball in Cambridge. A card will be sent out to express our thanks and to advertise the Cambridge Tournament.

8. City Sport Course.

Dave R. explained that this was going well with 12 people on the course.

9. Youth Development.

Scott explained that 3 sets of senior posts are at present in Kelsey (2), Impington (1), Huntingdon (1), Cambs. Regional College (2).

The last pair of junior posts may go to Michelle Thompson from Impington.

It is hoped that a leadership and mini tournament may take place for the children and their teachers at the end of Jan.

10. The Cambridge Tournament in the Summer.

It is very important that members from each club are asked to help organise this tournament.

11. The University Tournament.

Tickets for the Christmas party on the night of the tournament will be on sale for £2.50 each; as many people as poss. need to be encouraged to come.

12. The Huntingdon Club takes place in Hinchingsbrooke Sports Hall on Wednesdays at 7.30-8.30.
